

For 3 Sisters Open Headquarters in Montgomery County to Advance National Cancer Resources Program

Maryland Executives Contribute to Office Opening

Olney, MD, July 11, 2017 – For 3 Sisters, a national grassroots organization with a mission to raise awareness and improve the quality of life for men and women affected by breast cancer, today announced the organization will commemorate the opening of its headquarters in Olney, Maryland with a ribbon-cutting ceremony on July 27, 2017. The opening of the For 3 Sisters office is a milestone for the organization that addresses the financial and emotional challenges faced by breast cancer fighters and survivors.

According to a March 2014 report from the University of Michigan Comprehensive Cancer Center researchers, four years after being treated, 1 in 4 breast cancer survivors say they are worse off financially.

“After losing three sisters to breast cancer, we discovered that the process by which breast cancer fighters and survivors asked for and received resource support, was fundamentally flawed,” said co-founder Marshall Money maker. “Recognizing that a breast cancer patient’s physical health, treatment status, education and literacy level, income, and access to the internet were potential impediments to successfully securing financial support, we eliminated the weakest link in the process—the patient burden—and instead created a new pathway to success.”

The new offices will be staffed by founders Marshall Money maker and his wife Shannon Money maker, and the volunteers who are dedicated to providing the same compassionate care that has made For 3 Sisters one of the nation's leading organizations for integrative resource case management in the cancer community. “In the last three years, nearly 100 women have received products, services, and financial aid valued at more than \$200,000 as a direct result of our Road to Resources program,” said co-founder, Shannon Money maker. “We’re excited that

our new headquarters affords us the opportunity to grow the scope and capacity of our program so that we can serve more men and women affected by breast cancer.”

The 1,500-square-foot office space, furniture, equipment, and décor came together through the generosity of local businesses through in-kind donations. For 3 Sisters would like to thank the following companies that have made this new headquarters a reality:

- **Hillcrest Properties** Creative rental solution
- **Lumber Liquidators** Laminate wood flooring
- **Dart Homes** Complete office suite of furniture
- **Moyer & Sons Moving and Storage** Moving and storage fees
- **Vine Law Firm** Commercial copier and document management system
- **Colors & Solutions** Painting services
- **Allsource Interiors & Installations** Interior design services, paint, and decor
- **Sterico Signs & Design** Exterior pylon and door signs

“It's hard to find someone who hasn't been touched by breast cancer, and our family is no different. It's important for us to try to help mitigate the devastating effects of cancer on sufferers, survivors, and their families, and donating to For 3 Sisters does just that,” said Danielle Dart, Owner of Dart Homes. “We are proud to contribute in any way that we can to help continue the admirable work For 3 Sister's does both within our community and nationally.”

John Moyer of Moyer & Sons Moving and Storage adds, “as someone who's lost a close family member to cancer, and have had a few who's beat it, I was personally moved by Marshall's story and what he and Shannon have been doing with For 3 Sisters. I knew that Moyer & Sons wanted to be a part of it. We look forward to lending a hand wherever we can in the future.”
